

ADHIYAMAAN
COLLEGE OF ENGINEERING
(An Autonomous Institution)

DEPARTMENT OF
**INFORMATION
TECHNOLOGY**
EMPOWERING INNOVATION
THROUGH TECHNOLOGY

ABOUT US

The Department of Information Technology (IT) at Adhiyamaan Educational and Research Institutions (AERI) has been a center of innovation, creativity, and technical excellence since its inception in 2001. Over the past two decades, the department has evolved into a vibrant academic community that nurtures young minds to become skilled professionals, ethical leaders, and responsible global citizens.

The department offers state-of-the-art infrastructure, equipped with advanced computing laboratories, smart classrooms, and modern learning resources that create the perfect environment for exploration and innovation. Students are trained to gain hands-on experience in trending technologies such as Artificial Intelligence, Data Science, Cybersecurity, Cloud Computing, and Web Development, ensuring they stay industry-ready at all times.

**COUNSELLING
CODE : 2601**

**ADMISSION OPEN
FOR
2026-27**

VISION

To become a globally recognized centre of excellence in the field of Information Technology, providing technology excellence that advances learning, teaching, research to produce budding IT professionals, researchers, innovators and entrepreneurs.

MISSION

- M1:** To produce competent IT professionals with the potential of Programming and Problem solving skills.
- M2:** To facilitate the students to work with modern tools, inventive technologies and innovative research capabilities.
- M3:** To build leadership abilities by inculcating the spirit of ethical values.

DEPARTMENT HIGHLIGHTS

- NBA Accredited Department recognized for maintaining high academic standards, quality teaching, and continuous improvement in curriculum and learning outcomes.
- Active partnership with Infosys Springboard, enabling students to access industry-aligned courses, skill-building programs, and certifications to enhance employability.
- Encouragement for innovation through mini-project exhibitions, hackathons, and idea showcases.
- Students achieve success in paper presentations, coding events, Smart India Hackathon, and other national-level contests.
- Regular guest lectures by industry experts to keep students updated with emerging technologies.

PROGRAM FEATURES

- Curriculum aligned with Industry 4.0 covering Artificial Intelligence, Cybersecurity, Cloud computing and Data Analytics.
- Hands-on learning through labs, mini projects and internships.
- Integration of NPTEL, Coursera, and value added certification courses.
- Outcome-Based Education ensuring employability and skill growth.
- Active industry-academic collaborations through Mou's and guest lectures.
- Placement-driven training from first year in programming, aptitude, and communication.
- Strong mentoring for placements, research, Innovation, and higher Studies.

MAJOR RECRUITERS

DEPARTMENT ACHIEVEMENTS

- Consistent placement record with leading IT companies like TCS, Infosys, and Wipro.
- Faculty and students have published papers in reputed International journals.
- Centre of Study in Cybersecurity, Data Analytics, and Cloud Technologies.
- National and state-level prizes in paper presentation and Coding events.
- Organized AICTE/DST sponsored FDP's, workshops, and Seminars.
- Active participation in Smart India Hackathon and Innovation Challenges.

CAREER OPPORTUNITIES

- Software Developer
- Full Stack Developer
- Cybersecurity Analyst
- Cloud and DevOps Engineer
- Mobile Application Developer
- IT support specialist
- UI/UX Developer
- Data Engineer
- Web Application Developer
- Ethical Hacker
- Database Administrator

UNIQUE INITIATIVES OF THE DEPARTMENT

- Digital Literacy Outreach - introducing school students to basic computing skills.
- Tech Talks & Expert Lectures by industry professionals.
- Coding Club and Cybersecurity Cell for student Engagement.
- Women in Tech Forum to empower girls students through mentorship and workshops.
- Mini Project Exhibition and annual innovation showcase.
- Alumni Connect Series for career guidance and Networking
- Skill Booster Courses on Python, Web Development, and Cloud Computing.
- The department guides students to complete Infosys Springboard certification courses to improve their skills..
